Subject: DOJ/Microsoft Antitrust Settlement

Dear Sir/Madam:

Please be advised that I have READ and SUPPORT the Red Hat Proposal to Enhance Microsoft Settlement Offer which is available at http://www.redhat.com/about/presscenter/2001/press_usschools.html

I believe the Red Hat proposal will improve the quality and accessibility of computing education in the nation's schools and will help to prevent the extension of Microsoft's monopoly.

Regards,

Igor Zavailov
